

# NOEL V ABRAHAM

## WEB DEVELOPER

### Profile

Frontend Developer in the making, with a solid foundation in **HTML**, **CSS**, and **JavaScript**. Experienced in managing web content and optimizing layouts for a seamless user experience. Currently leveling up in **React.js** and modern styling frameworks like **Tailwind CSS**. Passionate about crafting visually striking and highly functional web interfaces that leave an impact.

### EXPERIENCE

#### WEB CONTENT UPLOADER

Collegedunia Web Pvt. Ltd

**2022 September - 2024 December**

Worked as a Web Content Uploader at Collegedunia from September 2022 to November 2024, managing and uploading content across multiple web pages while ensuring accuracy, consistency, and SEO optimization. Collaborated closely with designers and developers to improve layout designs, enhance user experience, and maintain site structure. Utilized **HTML**, **CSS**, and **content management tools** to format and optimize content effectively. Additionally, edited and enhanced visual elements using **Adobe Illustrator** and **Photoshop** to align with the platform's branding. Consistently ensured timely updates for promotions, events, and key announcements, contributing to improved site traffic and user engagement.

### EDUCATION

#### NIOS - CLASS XII - COMMERCE

Left the conventional 12th standard to join Collegedunia as a Web Content Uploader, gaining hands-on experience in web content management. Later pursued Senior Secondary Education through NIOS, balancing work with academics. This journey helped me develop practical skills in HTML, CSS, and web development.

### SKILLS

- HTML
- CSS
- JavaScript
- Git & Github
- Adobe Illustrator
- Adobe Photoshop
- Responsive Web Development
- React JS (currently learning)
- Photo Editing
